Have you heard the - New February . Victor Recdras? Gomé lá-we'll gladly splay them for you.

GIVE A VICTROLA DANCE

How easy it is to arrange! No trouble and expense of getting an orchestra. The Victrola brings you bands, orchestras and trios famous for their dance music. Just as enjoyable, too, as if you had hired them yourself.

And what dance numbers! The most up-to-the-minute "jazz" music, snappy one-steps, alluring fox trots, lovely, dreamy waltzes. Music that makes dancing irresistible.

If you do not have a Victrola come in and let us help you make a selection. We have all the latest Victor Records.

I ave enacted bonus legislation we have enacted bonus legislation we have moved lamontably slow in the different magazine for discount is rection of refriting the charge that responsible, not only for a log of won-publics are magrateful. This we can dense, but for a stupid victors and to without investing the action with the number of the magnatine world.

Semitic crusade Just who long for the minutation that we are define and have moved lamentably alow in the direction of refuting the charge that rethe imputation that we are dolling out called upon to war upon the entite hills. It is shappy to give the Boys. Hobres, race no one outside his lim of 17-18; square deal. That is all mediate circle seems to know. Put they tak. It is the least to which they have a Hobres, banker called a low. are excitled and should be given un- Anyway Ford & Dearborn Independent

COMMON STARE MET DED IN (ONGRESS.

1 very interest in the country not that of the railroads mane is becoming out of patience with the fillbustering members of the House in their efforts to prevent the passage of an amendment to the Transportation Act that will be mitted of having to wait a you or longer until these claims have them instead of having to wait a you or longer until these claims have the united in full and audited by the

Because of the situation that has developed, with respect to the extreme need of funds by the railroads with which to buy materials and supplies unemployment of labor is increasing general business is declining in volume, and the period when the railroads can begin to function properly is boing projected still more into the face of the fact that have much that we more in the job of unde mining of government than the full did in the fact of the fact through He has been deferred by the fact that have much that we more with available in the face of the fact that he is no more in the job of unde mining of government than the fact of the fact through He is no more in the job of unde mining of government than the fiction He is no more in the job of unde mining of government than the factor in the fact of the fact that the in the fact of the fact that he is no more in the job of unde mining of government than the fiction He is no more in the job of unde mining of government than the Helphewa at a in more in the job of unde mining of government than the fiction He is no more in the job of unde mining of government than the factor in the fac nation is bein seriously injured and the effect i being felt in all lines of

business and industry
Due to the failure to receive any part of the money due them aggregat-ing upwares of \$340,000,000 the raillouds have either been forced to bortheir obligations or by foregoing payment to creditors have forced these ciditors to borrow from the banks the money necessary to operate their own business. In citler care banking credit in the United States is obliged the hear in addition to the extraording for demands of business generally was further bu-drn imposed by the inability of the railroads to realize upon the obligations due thom from the covernment

This great burden," says a state ment of the American Bankers Assoon on has put a further strain on Settlement in tunking credit abready heavily taxed and materies to their difficulties in Producers ipplyin, facilities argently required agriculture commerce and trade to turpose of Congress to enacting time provisions of the Transportation

time provide for componention of the Transportation need which provide for componention in the case of the Producers loke that in rieral for deficits incurred men federal control was to render to to the tailways so that in the limit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the limit and the limit as the limit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the limit and the limit as the limit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the suit was called for localing before Judge f Q when the limit and the limit as the limit and the limit

aituation to simply deligring it to be he intent of Congres to permit flu tial payments to the curies as the that payments to the entitled from time to time. Such action would pro-tent an avoidable tietip or credit it cilities and pare the way for tro-supportion of railroad buying which is one of the easth ials to a resumption of industrial and commercial activity. This is entirely practicable if some of the pinheads in Long eas could bring the userves to see the situation in its proper relation to the economic structture and apply ordinary common sanke in despatching business which in to vital to an uninterrupted operation of he country's credit facilities.

If the Connellsville Red C ass office had done nothing mote during the past year than assisted or influenced former service men to reinstate life insurance to the amount of \$313 000 it would have justified its existence

If some of our legislators state ind national had the courage to stand four square on the bonus proposition there would be no doubt about the ex-service men being given a square deal

Comptiolles of the Custoney lobn Skeiten Williams might have very properly added to his list of conditions essential to a restoration to a normal ievel his own refirement to trivite life and the consequent relief from his picarunish policies toward the nation at banking institutions of the country

OMANTIC, clever, ingenious, sprightly and dashinga classic of gasoline and speed in which much bitthe. some humor is blended with a charming love story.

Mostly about a young man who had too much money and too much time in which to spend it, but otherwise not enough employment. To remedy the deficiency, get a new angle on life and learn some things which he did not know about his beloved New York, he changed places with a taxi driver and learned plenty. Also the experience remodeled his existence, made him a worth while cit zen and brought aid to a number of people, among whom were several young women, who but for the timely intervention of the gasoline Sir Galahad, would have succumbed to the city's perils. Then there was the case of the lovely girl born with a silver spoon in her mouth who lost it, became a chorus girl, recovered the snoon and - but you must read it - a

Here Is a Fine Laxative For a Little Baby

Millions of Mothers find Dr. Caldwell's Syrup Pepsin safe for infants

WHAT young mother has not often asked herself the question, "What is the best thing I can give my baby for constipation?" It is a very important question, as con-stipation is the basis of most ills of infancy and childhood

Give half a teaspoonful of a com-Give half a teaspoonful of a combination of simple laxative herbs with pensin. You can obtain it at any drug store under the name of Dr Caldwell's Syrup Pepsin. It is a mild, gentle medicine that couldren willingly take, and a bottle that costs only sixty cents is enough to last an arrange for the content of the content.

only sixty cents is enough to last an average family several months. Dr Caldwell's Syrup Pepsin has been used by millions of mothers, for the prescription has been sold in drug stores for thirty years. It is the same prescription Dr W B Caldwell, who is now in his Sind year, used in his extensive practice for half a century. It is the largest solling liquid laxative in the world. Last year eight million bottles were bought in drug stores. You can make an mustake in giving by

CHAPTER III.

Pan Paring was never more thank ful for his meeting sense of direction. He struck off at n' forty-five degree angle between their inte course and a Mreet road to the tiver, and he kept it as if by a surveyor's line. All the old devices of the wilderness—the ridge on ridge that looked Just silks. inclines that to the quantit eye booked bke downward slopes, streams that wan shed beneath the snow and tha r-mist blowing across the face of landmarks-could not avail

A half dezen of the wolves followed him at first. But perhaps their fierce eyes marked his long stride and his powerful body and decided that their bet's chance was with the helpless man and the girl beside the flickering fire. They turned back, one by one. Dan kept straight on and in two hours erosted Crunton's trail He didn't doubt but that he would find Cran-ston in his camp if he found the camp The man had certainly re at all The wan had certainly re-turned to it immediately after setting fire to the buildings if for no other reason than for food. It isn't well to be abroad on the water mountains without a supply of food and Clanwould certainly know this fact.

Dan didn't know when a rifle bullet from some camp in the thickets would put in absort and to his advance. The brush grew high by the river the ele vation was considerable lower and here might be one hundred camps out of the sight of the casual wayarer if Conston should see him mushing across the mould sive him be most savage joy to open fire upon him with his rife

Dails keen ever searched the thick els and particularly they watched the say I ne for a faint glare that might mean a camp fire. He tried to walk situar it mash tan easy thing to do with anknurd shoreshoes but the river drowned the little noise that he inde. He used to take advantage of the sielter of the thickets and the trees. Then at the base of a little

He had estimated just right. Not two lundred eards distant a camp fire if chered and glowed in the shell the of figreat log. He saw it by the mest a chanding good fortune through a little rife in the trees. The feet on either side and it ywas abscured. He sat in the He did not know when the volume about Snowbied's camp would be the last of their works.

con the Let be knew he must keep at the grap on his self-control and not? The peccessity of histocost him his si tors. He crept formart, step has seen and core. When he was one hindred varies distont he san that fring is comp was stunted beside i littlest on that flowed into the river of first—tike the mountaineer he na — be had built a large lean to comfor ed with saowbanks. The fire lune 1 is its opening. Crimston was it in a like either he was absent lind a port isleap in his lean to the teasurement line is to seemed the more il etc. Din hade a wide fetour coming to out rive tide, belief the Lonstine in He moved with incredible tition. Never in his life but he pos

time '
I remember the day and that a part of the c bt The coing you did vester devis part of it ton It sull to be set tied at last Cranston and I for the lieve I could spare von if you wen to your kneed before me You a get a lograng out by the fire—big a n price ring. Well go out there—side is the Auch hands to hands well stille all these debts we have between ts—with locate dirinations rife. Success of failure hung in that He couldn't in rife of fighting and no nercy in find it at first. Then he saw the gift the end

They measured each other with their eres Once more Crinstons give stole to his rifle but lunging on Com kicked it three feet farther late the shadows of the itun to Dan in the dark face drawn with passion the hands clenching, the shoulder nursies proving into hard knots that Gran ston looked and know that metter a rengenice—that age old should fortsteed cred by which he had so had followed him diwn if a will clading him at her a veltiching him at her a veltic not have at

He saw t in the position of the sil-wart form before him the cloth is vel-eses that the moon light made bright as steel h hard lines the blit pass errul hands. He could read it in the tones of the voice—tones that te hin self could not imitals or preten! The hour had come for the secting of oli

He tiled to curst his a iversaly name went hig and a degenerate but he ob-scene words he scught for would not come to his lips. Here was his fate come to his lips. Here was the fates and because the derbucts always fades before the light, and the courage of wickedness always breaks before the courage of righteensures frames a was stiald to look it in the face. First of defeat of death of haven nows what removednessness with which this grive gant would administer extice to freeze to his briast. Chavelly he eaped for his knife on the blinkets

hours allence and entitly need to work. He took the rife and filled I with contributed from Crassion a soft soon to reach the knite. Thus Dan the felt justified in ignoring the gan also gether and trusting—as he had not desired—to a battle of hands. And the supplies of food—the sack of bittle. The supplies of food—the sack of bittle.

Famous Old Recipe for Cough Syrup

Thousands of housen was have found that they can save iwe thirds of the money usually agent for cough preparations by using the well known old recipe for making cough syrup at 1 ome. It is simple and cleip but it has no equal for prompt results. It take a right hold of a cough and give bannediate relief, usually stopp agent or dinary cough in 24 h it as or ke.

Seal 24; ounces of Piner from any droughest pour it into a pust bottle and add plain granulated singur syrup to make a full pust if you profer use clarified releases homey or corn serving instead of singur syrup. Tither we, it takes good is to the pulledly, and lasts a family a long time. It's turk astomishing how quied by it acts, printing the rough every air passage of the threat and gradually but surely the annoting throat and ungalose ensult resea the pilegis, soother and heals the membrane, and gradually but surely the annoting throat firckle and dreaded cough disappearently Nothing better for trenchitic spasmodes croup, houseness or bothen all astime.

Fines is a spicial and highly concentrated compount of genuine here for its lending effect on the mombrane. Avoid disappendment by asking your druggest for "212 others of Piner" with full dure inous and done keepen anything else Cuaranteed to give absolute whise faction or money promptly refured. \o,ggg0000000000000000000000000000

Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. Tou will see some filled with blackheads, some come of the some of the will have some of the will have some of the will have meaning and rough, some smeared with rouge, some streaked with heavy metalile powdors and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosy, the skin is clear and smooth, the poree are small and open, the powdors does not show on the firm vigorous skin. Every women can have a good complexion if she will only use a little discretion. If you would acquire real boauty, the heauty of period health, you must replenish your worn-out nerves with lonthin. Nature's own nerve restorer, and put into your blood the invigorating iron which Nature Intended it to have for health in most of the modern foods those and other vitalising elements have been largely altuminated. Yet to be beatthy and beautiful the system must have them. They are found in Blooderen, not only in proper proportions to restore weekened vitality but in such form as the system one best resimilate them.

A treatment of localities in the modern and invigonates the appoint of take—no liquid intended in the part of the color of the color

iron discoionation of the feeth, no unpideanant taste.

There is no secret or musters about Bloeferen. Doubors prescribe it regularly because they know exactly what it contains as well as what it will do and they know they could not formulate a better upbuilding tonic.

The action of Bloeferen on the system in so barefold, we are so it of its giving you positive health and vigor, providing, of comment such an expect of the grant of the giving out positive health and vigor, providing, of comment such as cancers. So that the control that we can be seen to be a few only sell it on the condition that you sare to rather the condition that you are citizely addition.

There is no use waiting for health and beauty. It is better to do things loads than tomorrow, to to your physician toms ight now——— will not seen the condition of the particle of the large packets 100 at all leading kings.

Large packets \$100 at all leading truggles or direct if your druggles.
